NOTES TO RIDERS

- A. The rules of competition are intended only as a guide for the conduct of the sport pursuant to uniform rules. Rules directed or related to safety are promulgated to make all persons concerned with safety, but the AMCA neither warrants safety if the rules are followed nor compliance with any enforcement of the rules. Moreover, each participant in competition has the responsibility to assess the safety aspects of facilities and conditions, and must assume the risk of competition.
- B. Riders and Eligibility: Special Note: The AMCA does not test the skill of individual participants in AMCA - sanctioned events, nor does the Association licence competitors or judge riders competence. Participants are solely responsible for their safety.
- C. Licence Card: The Licence card is a competition Licence but does not imply that its bearer has been trained, tested or certified to have achieved any level of competence in the operation of his/her motorcycle.
- D. General Equipment Standards: Equipment used in sanctioned competition must meet the standards as specifically provided for in this rule book. When the rules permit or require equipment to be installed, replaced, altered or fabricated, it is the sole responsibility of the rider to select components and materials, and/or fabricate the same so that the motorcycle components will perform in competition with safety.
- E. Responsibility: Participants are solely responsible for the condition of their machines and personal riding equipment. Officials do have the authority to prevent the use of any machines or equipment which they do not think is satisfactory.
- F. Competition Clothing: It is the sole responsibility of the rider to select a helmet and apparel which will provide appropriate protection. The AMCA does not endorse or certify any manufacturers or products. The rider must rely on his/her own judgement in the selection of any helmet and apparel for durability and safety. Certain British Standards for helmets are laid down in the rules and must be complied with.
- G. Meetings: Special Note: Riders are solely responsible for their safety at AMCA sanctioned meetings and should assess their own ability to negotiate each individual track or course. Participants who doubt the competence of track Officials, have concerns about the safety of the course, or their own ability to negotiate the course, or are uncertain about the condition of their vehicle, or doubt the competence of fellow competitors, should not participate in the event.

MACHINE SPOT CHECKS

At any time during a meeting, the AMCA Stewards may pick out two bikes at random and record the engine and frame numbers on the Stewards Reports, together with name and

licence number of the owners/riders (name and address for non-licence holders). Three bikes may also be noise tested, they will be chosen from practice at random and recorded on the Stewards Reports. This will be forwarded to the AMCA Office for further checking.

CODE OF CONDUCT AND GUIDE TO RIDERS

1. On arrival at a venue for an event, expect to pay for anyone with you who is not covered by the free pass sent to you. Don't abuse the Gate Officials, they are only helping the Organisers. Any abuse may result in exclusion from the meeting.
2. Parking - If directed to a specific place, please co-operate. Again don't abuse the Marshals who have been instructed to park the vehicles in a certain way.
3. Hang a litter bag on your vehicle to encourage people with you not to drop litter. Remember someone has to pick all the litter up afterwards, otherwise the venue could be lost.
4. Walk the course before practice, watch, as most courses deteriorate through the day. Do not stand between the ropes, behind a single rope or in a prohibited area, if you do you are liable to be disciplined.
5. Always ensure that you do not ride your bike anywhere except on the track and in authorised areas at walking pace to and from the track.
6. Ensure all numbers are clean each time you go out on to the track.
7. If you should fall off, get your machine off the track or to the side of the track as quickly as possible.
8. Do not presume you can wash off your machine in the paddock, some Clubs will not allow this or only in certain areas.
9. After the meeting, check round your vehicle for litter and take it home with you.
10. If you have enjoyed the day out why not say so to one of the Organisers. Riders we have many, good Organisers we have few.
11. **ILLEGAL PRACTICE** - - Any rider who uses an AMCA track for practice without the consent of the Club responsible for that track shall, without exception, be disciplined as seen fit by the Club responsible for the upkeep of that venue. Permission from the Club does not mean that AMCA Insurance is in place, only events issued with AMCA Authorisations are covered.

Please remember at some venues there are local restrictions which sometimes prevent overnight camping. At some circuits dogs are not allowed, even on leads. Fires or barbecues should not be lit without the consent of the organising Club. If you wish to comment on an event, remember there are regular group meetings to discuss events and anyone is able to attend.

RIDERS CONDUCT

RIDERS CONDUCT RIDERS ARE RESPONSIBLE FOR THOSE WHO ATTEND

EVENTS WITH THEM. If any person conducts themselves in a manner which is not acceptable to the AMCA, or any of its affiliated Clubs, and it is not possible to discipline the persons involved, then the rider will be held responsible and may be disciplined.

If dealing with someone under the age of 18 years the parent/guardian must be in attendance, if the organising club/group has an appointed Child Protection Officer, they should also be invited to attend.

Any penalty imposed on under 16 year old riders, must be alternative to marshalling duties.

Penalties:

- a) Warnings - Should never be public but ensure 3 of 4 officials are present,
- b) Time/points penalties - Time/points penalty affecting the rider's results.
- c) Withdrawal of Championship points - Affecting the riders championship position.
- d) Disqualification - The maximum period a rider can be banned for at an event is 2 events. During this period the rider or the Officials involved may request a "hearing" (see below) which should be conducted by an Appeals Committee.
- e) Suspension of AMCA Licence - For specified periods of time. i.e. 2 weeks ban for 3 months.
- f) Exclusion - Withdrawal of AMCA Licence

Riders should be aware that instant suspension from an event can be made for the following offences, cases can be referred to groups, motocross or appeals committees to impose higher penalties:

1. Any act which is of a violent, threatening or abusive nature to any official, rider, passenger or any other person.
Note! Any hearing called as the result of any act of violence will be referred to a hearing committee which will be held at the AMCA Office.
2. Any rider involved in behaviour that is likely to bring the sport, the name of the Association and its Clubs into disrepute. i.e. bad language, dropping of litter, standing in prohibited areas
3. The carrying of extra passengers on machines in run off areas.
4. Competing or attempting to compete in any AMCA authorized event without the proper paperwork being completed.
5. The use of Power Washers in areas not allowed by the organising Club.
6. Riders and passengers not wearing helmets when machines are ridden.
7. Gaining admission without paying for non-ticket carrying spectators.

8. Parking of vehicles in areas not allowed and this includes camping overnight without prior permission.
9. The digging of holes for camping purposes and the use of equipment for leveling up of vehicles i.e. stakes for putting under wheels is not allowed.
10. All race personnel, officials, riders, mechanics, photographers or anyone associated with riders must not consume or be under the influence of intoxicants or drugs that could affect their normal mental or physical ability. Besides affecting the safety of the event, any such use is inconsistent with the concept of good sportsmanship and is detrimental to the sport.
11. Failure to stop when flagged by a marshal or official. A competitor failing to stop when flagged by a marshal or officials renders himself/herself to suspension for the remainder of the meeting. This will also apply to practice. See SR-6

Note: Any decision to ban a rider on the day of the event to be taken by 3 of the following; Clerk of the Course, Home Group Co-ordinator, Deputy Co-ordinator and one of the 2 Stewards.

NOTE! Any person found to be guilty of an act of violence –

- a) minimum period of suspension of AMCA licence recommended 6 months. Maximum period of suspension will depend upon the severity of the offence
- b) any person who is not a licence holder and not connected to a licence holder would be excluded from attending AMCA events indefinitely
- c) an AMCA licence holder will be considered responsible **for** any person who attends events with them, and will be disciplined as well as action taken against the offender

GROUP HEARINGS

Groups of Clubs are able to arrange disciplinary hearings and any person required to attend must be given written notice of the hearing and informed that any witnesses they may wish to attend will be able to do so. A written statement will be acceptable. Anyone not attending may be dealt with in their absence providing every opportunity has been made for the person(s) to attend. At a hearing, only one member per Club will hear the evidence and witnesses to the incident will only be allowed into the hearing one at a time.

APPEALS TO THE MOTOCROSS OR APPEALS COMMITTEE

Any person or club who is disciplined by a Group hearing and feels the hearing was not fair or that the penalty was too harsh, may appeal to the AMCA Motocross Committee in writing including a deposit of £50. Hearings to this committee are not automatic, they will only be granted if the reasons for the appeal are considered valid. Any decisions by

either the Appeals Committee or the Motocross Committee will be final and binding. At all disciplinary hearings, any persons having a connection, either financial or as a relation, to any person having a hearing should declare that interest.

Appeals against 'automatic' bans may be heard by an AMCA appointed committee rather than a 'home' group committee. Appeals are not automatic and will only be granted if the reasons are valid.

SUSPENSION OF MEMBERSHIP

Disciplinary Action - For any rider who is stopped from riding for a limited period, he/she must marshal (or observe at Trials) at AMCA events. He/she must ensure that an Official of the organising Club witnesses this and that the Stewards include confirmation on the event paperwork and in the case of motocross events sign a programme to confirm this has taken place. An offender must carry out the duties themselves and should arrange with the organising Club(s) beforehand.

Marshalling at a riders own Club event will not count.

If the rider is under the age of 16 years alternative duties may be found.

RIDERS CANNOT CHANGE CHAMPIONSHIP CLASS DURING THE SEASON

MX1/MX2/125/Vets riders cannot compete in more than one Championship.

39 ELIGIBILITY TO COMPETE IN MX1/MX2 CHAMPIONSHIPS (CC SEP 18)

40 riders per class MX1/MX2/Vets/125(2t)/Youth 85 are classed as Championship riders. Timed practice will be held to determine the starting gate pick on the day for all three races.

Riders can obtain up to a maximum of 300 points (100 points per event) for competing in group level motocross events. The rider must compete in at least practice and one race and must be scored using their transponder. Riders can obtain 200 of these points by competing in abroad IMBA's.

Riders finishing inside the top 10 of the overall Championship in previous season of the ACU MX1 & MX2 are not eligible to compete.

40 CHAMPIONSHIP QUALIFIERS (MXC OCT 16)

Riders are not permitted to qualify for more than one Championship class in one season.

MX1/MX2/Vets/125(2t)

The top 25 from the previous seasons Championship are Automatics so do not need to qualify.

Qualifiers, the format will depend on the amount of riders paying the registration fee.

Youth 85

The top 15 from the previous seasons Championship are Automatics so do not need to qualify

Qualifiers, the format will depend on the amount of riders paying the registration fee.

Method

The method of qualification will be calculated as a percentage of riders who ride the qualifiers.

For example;

Area 1

21 riders ride the Qualifier

Area 2

11 riders ride the Qualifier

Total of 32 riders have ridden.

If there are 20 spaces available to qualify for then a percentage of riders are taken;

Area 1

$21/32 * 100 = 66\%$

Area 2

$$11/32 * 100 = 34\%$$

So the amount of riders Qualifying from each area would be;

Area 1

$$20 * 66\% = 13$$

Area 2

$$20 * 34\% = 7$$

41 CHANGES OF MACHINES

Any rider who finishes in an automatic qualifying spot and then wishes to change class for the following season must write and apply, the rider will only be included if there is room (i.e. another rider drops out - preference will be given to riders who finish highest in a class). This is not an automatic right and riders should compete in the Area Qualifiers if there is any doubt about being included.
